

Just 3 Easy Steps!

Design

Compose

Display

Both technical and non-technical users can create sophisticated digital signage through our easy to use web-based interface

1 Design

Choose from several predefined themes or build your own using a custom background and font selection. The X-Series also includes 45 zone layouts and a Layout Creator.

2 Compose

- A. Preview current page
- B. Display resolution
- C. Add multiple pages
- D. Insert HTML
- E. Insert multimedia files, HD TV, DVD, websites, scripts, scrolling text, RSS feeds, and RS232 commands.
- F. Change default settings
- G. Font toolbar
- H. Exhibio Canvas
- I. Setup an ad campaign
